General Permit Conditions:

1. The owner or the owner's agent may apply for a project permit by submitting this form with the necessary additional documentation, fees and deposits to Yarrow Point Town Hall.
2. The Yarrow Point Community Development Department issues the following project permits:
 - **Building permits** are required to construct buildings, garages, carports, porches, decks, piers, boat lifts, bulkheads, retaining walls over 4 feet, swimming pools, fences, large antennas, and substantial recreational facilities and to grade on site in excess of 50 cubic yards. There may be other situations in which the building official determines that a building permit is required.
 - **Mechanical permits** are required for the installation, replacement, or repair of mechanical systems and appliances in new or existing residences.
 - **Demolition permits** are required to remove 50% or more of an existing structure or if utilities must be disconnected during a project.
 - **Fire Sprinkler permits** must have a design approval that is required through review of your fire sprinkler plans by the Bellevue Fire Dept. located in the Bellevue City Hall. The Town of Yarrow Point will also provide a review of approval and will then issue your permit.
 - **Right of Way Use permits** must be obtained for work altering public streets or right of ways.
 - **Right of Way Encroachment permits** are required for installation of anything other than gravel or grass in the Town right of way.
 - **Site Development permits** must be obtained for projects involving fill or excavation totaling 50 cubic yards or more, clearing 750 square feet or more, adding 120 square feet or more of new impervious surface, retaining walls or rockeries over four feet in height, grading or paving of an area used for a storm water facility, or connection, extension and/or modification of the public and/or private storm and surface water drainage systems including, but not limited to, detention and other runoff control facilities.
3. Permits from other authorities may be required and include, but are not limited to:
 - **Electrical permits** are issued by the Washington State Dept. of Labor & Industries.
 - **Plumbing permits** are issued by the King County Department of Health.
4. All construction must conform to the requirements of the current edition of the Washington State Building Code, the Uniform Building Code, the Uniform Mechanical Code, the Yarrow Point Building and Zoning Codes and other state and local codes that may apply.
5. The permit card, approved plans, and other permit documents must be posted or available at the project site at all times when authorized work is in progress. Work must start within 180 days of the permit issue date. Permits are valid for 18 months from the date of issue.
6. Any changes to the construction or location of this project must be submitted to Town Hall for review prior to the actual work taking place. Additional fees may be due before final approval of revisions is granted.
7. The height of all new structures or remodeled roof lines must be verified to conform to the height restrictions of the Yarrow Point Zoning Code by a licensed professional surveyor prior to your framing inspection.
8. During construction, work must not proceed until the Town building inspector has approved each stage of construction. Inspections other than the final must be scheduled 24 hours in advance. A final inspection for new construction must be scheduled 3 days in advance. In addition, the Town Building Official may require special inspections by the engineer of record or a previously approved inspector.
9. Construction hours are as follows. These hours are STRICTLY enforced. Violation will result in a STOP-WORK ORDER.

| | |
|------------------------------|------------------------|
| Monday through Friday | 7 AM – 6 PM |
| Saturday | 8 AM – 5 PM |
| Sunday and Holidays | No Work Allowed |
10. Contractors must comply with the Town's parking regulations and he/she must file a traffic control and parking plan with the Town. The building official will review this plan and forward a copy of it to the Clyde Hill Police Department. The Clyde Hill Police will issue tickets to vehicles parked in violation of the Town's parking

regulations and the Building Official will place a Stop Work Notice with possible bond forfeiture for repeated violations. Any person violating parking regulations is considered an agent of the owner or primary contractor.

11. Contractors are responsible for removing dirt and construction debris from the roadway and for protecting neighboring properties from runoff or other damage from construction.
12. Contractors should code sales tax on job-related costs to **State Revenue Code 1730**.
13. The permit conditions listed here are general conditions only. Additional permit conditions may be imposed and will be listed on the actual permit card.
14. *Fees will be reassessed if the Building Official determines that the market value estimate was inaccurate.

I certify that I have read the general permit conditions listed above and that I understand that failure to comply with these and any other permit conditions listed on the permit card or imposed during construction may result in a Stop Work Order.
